

## Please join us for the JACL Philadelphia Installation & Scholarship Luncheon

As we look forward to dedicating a Pennsylvania Historical Marker to the Philadelphia Hostel on Chestnut Street next year, Amy Lambert, the president of the University City Historical Society, will walk us through the process of how that marker came to be. At this moment of America250 and a return to the terrifying executive orders that predicated the Philadelphia Hostel, this marker tells one more of the countless stories that continue to test our nation. And it is ordinary people in the community who made it happen.
